Customer Reviews

Best \$3 you will ever spend! Skip your Starbucks today and use the money to buy this book. This and "Date Them Like You Hate Them" are must reads for a single guy. I think this is the best one of the two. Helped me understand the demise of my marriage and what I've been doing wrong all these years. I have two or three anecdotal points to support Dante's ideas.

This is probably the best three bucks I spent on the topic of online dating. The book basically explains that the "sweet guy provider" attitude should be gone the way of the 8-track tape. The book also reveals that the majority of women of online dating merely express themselves by burping stale

and politically correct clichés and deliberately wastes the time and money of the "Nice Guys" as she searches for what she is naturally attracted to. "A strong, non-clingy man. You must study this book and then put the advice to practice. It will take some work because we're all bombarded and brainwashed by fembot propaganda and there's no end in sight. DO NOT buy into the idea that you are a woman hater because you follow the advice in this book. If you want to date or get married then you have to play the game - a game you didn't ask to be part of. Buy this book and you will gain an instant advantage over the "Nice Guys" who have been reduced to an unwanted commodity. While you're at it, be sure to check out "Date 'Em Like You Hate 'Em" and "How to Get Almost Instant Obedience From Your Woman - Wife or Girlfriend, Doesn't Matter!" "Must reads" for every man.
