Customer Reviews

Interesting series of books, hopefully these short summaries are "foot stomper" items for the exam. I note that it does grab the highlights from the various chapters. I would not use these sole to get ready for the exam. Suggest the PMPBOK and one of the many exam books.

Excellent and key to my efforts to study and pass the PMP exam!

EXCELLENT

Great quick review. I love the short narrative of this chapter. It's directly to the point. Great refresher if you haven't read the PMBOK in a while.
