Geek Feminist Revolution: Essays On Subversion, Tactical Profanity, And The Power Of Media

Synopsis

As geek culture goes mainstream - from Game of Thrones to the Avengers - it's never been more important to look at the role women play in it and the future they're helping to create. And Kameron is the smart, funny, and profane voice we need to guide listeners through the world of fandom and the coming revolution in pop culture.

Whispersync for Voice: Ready

Language: English

ASIN: B01FY9VNPW

Best Sellers Rank: #238 in Books > Literature & Fiction > History & Criticism > Genres & Styles > Science Fiction & Fantasy #262 in Books > Science Fiction & Fantasy > Science Fiction > History & Criticism #277 in Books > Audible Audiobooks > Fiction & Literature > Literary Collections

Customer Reviews

“As a writer, it’s my job to construct new normals for people. It’s my job to show folks what’s possible. It’s my job to rewrite narratives. Because we can change these narratives. We can choose better ones. We can tear it all down, and build it up again. It makes us the most poorly paid but most powerful people in the world. And I take that power seriously.”

“The only time I’ve ever been praised for my weight repeatedly was when I was dying.”

3.5 stars

“Award-winning science fiction writer Kameron Hurley has been blogging about feminism and pop culture for more than a decade. THE GEEK FEMINIST REVOLUTION is a collection of 35 of her essays on feminism, writing, and geek culture, with 9 all-new pieces written specifically for this anthology. (See the TOC below for a full list.) The pieces are grouped into four sections: Level Up, which explores the craft (and challenges) of writing; Geek, which interrogates a variety of media, from the specific (DIE HARD, MAD MAX, TRUE DETECTIVE) to the more general (toxic masculinity, Strong Female Protagonists, the gendered reception of unlikable protagonists); Let’s Get Personal, in which Hurley’s life serves as a sort of microcosm for the issues she

explores here; and Revolution, which calls on authors and readers alike to create a more equal and just world. The essays are enjoyable, engaging and highly entertaining. Hurley has a brash, no-bs writing style that's perfectly suited to the subject matter. While the overall collection doesn't seem to have a unifying theme (geek culture is quite broad), the power of stories to shape our world is a thread that she picks up time and again.
