Customer Reviews

Don't waste your time and money. It's not NMLS certified. Find a course that is. This book has most or all of the information that is on the exam, but the chapter tests and final exam will not insure that you have a full understanding of the material, as it will be shown on the real exam.

I bought this for my daughter who is being trained by her employer to be a loan originator. She can't wait to use it!

Perfect; just the information needed. Nothing more.
