Indian Larry: Chopper Shaman

Synopsis

A stunt man and sideshow performer made famous by the Discovery Channel, Indian Larry Desmedt is best remembered for his remarkable custom motorcycles, his wild tattoos, and his love for building and riding rolling art. This book, by those who knew him best, offers a closer look at this chopper shaman admired by so many. Full of photographs that document a uniquely colorful life, the book follows Larry from his humble beginnings to his unlikely stardom, tracing his short career as a bank robber, his time in prison, his spiral downward into heroin addiction, and his rebirth in 1994 as the spiritual bike builder revered by so many—and, running through it all, the love of hot rods and motorcycles that finally brought him happiness. Why was he nicknamed Indian Larry? Because early in his career, he ceaselessly rode his Indian Motorcycles through the street of New York City.

Customer Reviews

i know this may sound strange to some, but the way indian larry passed was the way i think a lot of us would like to go, in defiance of practicality. doing what it is that we truly love to do. taking a risk and then taking it again. im not a biker and i dont pretend to be, and not being one makes it difficult for me to conceptualize what a real biker truly is. but of all the biker shows i have watched and all the magazines and books i have read, indian larry truly embodies that image. he defines in my mind the quintessential biker. i watched biker build off from the begining and indian larry was instantly my favorite. of course being born and raised in brooklyn myself quickly endeared him to me. i remember around the time larry passed the pope had died too. and i remember thinking to myself, wow, the

pope known and loved by billions and yet i feel nothing for him. and then here is this guy from brooklyn who builds motorcycles and lives an oddball lifestyle and says and does things that i instantly relate to. larry made me think, i mean truly ponder life in just a couple of hours that a world spiritual leader could not do in how many years? i never met you larry but i miss you. and if this sounds mushy to some, well im sorry. as for the book, its magnificent. a fitting tribute to a true motorcycle legend. great writing and excellent photographs from different times in larrys life. its really amazing to see the evolution of this man. the weight lifting muscle bound photos are a trip. then a couple pages later he has a drug-mug. then hes swimming at coney and riding his bike in shorts- in the winter! i hate the cold so these pix crack me up. there are plenty of studio bike photos of all the biker build off bikes. its a great book. any one who admired indian larry should have it and i am truly glad that i have one. p.s. to all the people who contributed to this book, you did an excellent job. jackthewack, march 06

This book is a must if you're an Indian Larry fan or just into custom bikes. The guy was a legend, he seemed to touch so many peoples lives in a positive way and lived life to the full and this book is a great tribute to him. It has some fantastic photos of the bikes he built, his mates he rode with, fans and and some great reading about the journey of his life."The motorcycle is like a sacred object to me. When I go out for a ride, I'm exactly in the moment. It's like meditation; I'm in the flow." INDIAN LARRY

This could have been a much better book if it weren't for Nichols continual essays on how Indian Larry fits into the author's personal view of Viking mythology. After the umpteenth time reading how Indian Larry was a "mythic hero" confronting his self-made demons and emerging as a new person, I was ready to scream. Seriously, that thought makes up about 90% of the written content of the book. The pictures, and the brief comments from other bike builders are pretty interesting, but the maddening writing of Dave Nichols ruined this book for me.

This is a great book to read about the life of a great bike builder, artist and stunt rider (and many other things I didn't know about). In the book aside from the great stories about his life there are plenty of photos of the life he lived and the work he did. Indian Larry will be missed for a long time to come. Very few people can come close to the talents he had. I would recommend this book to anyone who wants to learn more about him.

Larry was happy being who he was. He states as much in his interviews during his Biker Build Off episodes. I feel the author of this book forgets that and puts Larry high on this pedestal where Larry never wanted to be. His bikes was his art and he appreciated his fans that wanted to see it. What made him unique is that he was kind, caring and considerate. Traits that one hardly ever sees in a person, especially all at one time. This book does Larry justice when telling his story from boyhood to bikehood but loses its flavor when the author throws in his collegiate words to make his point on how great Larry was. Larry seemed, to me, like he was a simple man who wanted simple things and, to put it simply, wanted to share his art with those who would appreciate it. Long story short, this is a good book with a good read and some great photos.

I was very interested in the subject matter, but was disappointed in the style of the author. Nichols practically made Indian Larry a god. I would much rather have read of his more human side, the way others in the book talk about his interactions with his fans, than to see him portrayed as a mystery-shrouded spiritualistic holy man. Indian Larry was a human, full of human faults, quirks and characteristics. His motorcycles were as unique as his lifestyle, but, in the end they were still motorcycles, just as he was still a man.

I FIRST DISCOVERED INDIAN LARRY IN THE DISCOVERY CHANNEL SHOW CALLED 'BIKER BUILD OFF'. I JUST SO HAPPENED TO SEE IT IN YOUTUBE ONE DAY, THATS WHEN I DISCOVERED INDIAN LARRY. TO BEST DESCRIBE THE MAN, HE WAS VERY CHARISMATIC, DAREDEVIL, CONEY ISLAND SIDESHOW PERFORMER, EX CON, BANK ROBBER, FORMER ADDICT, TURNED ARTIST OF THE CHOPPER WORLD. IN THIS BOOK YOU WILL SEE THE UPS AND DOWNS THROUGHOUT HIS LIFE STORY, PLUS PICS OF THE MANY BEAUTIFUL BIKES HE'S BUILT ALONG WITH HIS CREW AT GASOLINE ALLEY IN BROOKLYN. MANY COLORFUL PICTURES TAKEN THROUGH THE HISTORY OF LIFE'S GREATEST BIKER BUILDERS IN THE WORLD TODAY. SADLY THAT LIFE WAS CUT SHORT IN 2004 DURING A SHOW HE WAS PUTTING ON FOR HIS FANS IN HIS LAST BIKER BUILD OFF. INDIAN LARRY LEFT A GREAT LEGACY AND IS AN EXAMPLE OF HOWEVER LOW YOUR FEELING IN LIFE, YOU CAN ALWAYS CLIMB BACK UP TO REACH YOUR FULL POTENTIAL. THIS IS THE LIFE STORY OF INDIAN LARRY...
