Basics Design 07: Grids, 2nd Edition

Synopsis

Grids 2nd Edition, the seventh book in the Basics Design series, has been updated with new content and visuals, exploring the construction and ordering of the page and screen through the use of grids. The grid features as a strong element in many areas of design, and presents both the student and practitioner alike with the opportunity to ground their work in solid foundations. Through detailed investigation of the principles behind grid design, this book informs and advances your understanding of this key design component, allowing you to devise grids with ease and precision for any situation.
