BB203OB - Warm-Ups And Beyond - Oboe

Synopsis

Veteran middle school band director Timothy Loest has drawn from 18 years of experience to create an all-encompassing warm-up book appropriate for elementary, middle, and smaller high school programs. Its logical sequence addresses technical issues at a variety of levels. In addition to a wealth of chorales and scales, the book incorporates articulation and flexibility studies, and an in-depth glossary of musical terms, providing answers to questions posed by younger musicians. Percussion educator Kevin Lepper has added a wealth of percussion exercises that will enhance the technique of individual percussionists while developing the overall sound of your ensemble. Warm-ups and Beyond is an ideal resource for every developing library.

Customer Reviews

I bought this Scale Method Book, "Warm-ups and Beyond", for my son. It is a prerequisite method book for his Sixth Grade Band. It is a method written by a middle school band director who has received many honors and awards. Who better knows what students need to know then a person who teaches them. Check out his biography on from his website, [...]. Cheers.

Book was the one we needed for school. It was delivered on time and in perfect condition. Thank you.
